**Suitable for all walls** - no heavy counterbalances are required, Removing additional loads on walls.

**Single person installation** - the compact design means it can be installed by just one person.

**Close to the wall** - this mount is very slim and unobtrusive at just 150mm deep.

## SPECIFICATION

**Construction** - high quality steel.

**Mount dimensions** - D 150 x W 650 x H 530 mm.

**Warranty** - 5 year return to base warranty.

Rising to the challenge of rooms where the clear wall space is limited, the Hi-Lo<sup>®</sup> 450 mount requires just 0.4m (wide) x 1.0m (high) of clear wall. This is a highly engineered solution providing 450mm electric height adjustment from an extremely compact wall mounted, touch screen mount.

Literally taking interaction to new levels.

The space saving design provides clear access underneath the screen, allowing users to get really close. You select the working height, this mount can take a screen from ground level up, the working heights are decided by the fixture points.
